Abstract

A glyph poem in four parts that checksums a lineage of three works: Tiger Leap (#1636), Transition in Entropic Systems (#1630) and The Final Time (#1637). Each work is compressed into emoji, arrows and notation —the leap and the door, the entropic closure of passage (K shrinking as exposure rises, continuous passage failing where the jump may not), and the final time's reachability set, whose intersection with the exterior goes to the empty set unless the door remains open. The fourth part checksums the checksum and ends on its condition: □ □ only if □□.
